**Williams Scotsman Expands Storage Fleet with 2,500 New Units**

*Investment represents continuing move to broader customer solutions*

**Baltimore, MD** – Williams Scotsman, Inc., North America's largest provider of mobile and modular buildings, has announced that it will augment its already substantial storage fleet with an additional 2,500 brand new containers in 2005. The units will be made available nationwide through its network of local sales offices.

Gerard Holthaus, Williams Scotsman's president and CEO stated, "As North America's leading supplier of mobile and modular space, we are dedicated to providing our customers with space solutions for every need. This expansion of our storage fleet demonstrates our continued focus on the portable storage industry as a growth market."

Highly popular double-door access will be available on 2,200 of the new containers. Both 20 foot and 40 foot lengths will be offered, ensuring that customers can find the ideal size to meet their specific needs. The new containers will also feature high-security locking systems for maximum protection against theft and vandalism. Williams Scotsman will continue to offer units from its existing storage fleet, which includes an array of sizes ranging from 10 to 40 feet in length.

Williams Scotsman, Inc., headquartered in Baltimore, Maryland, is the leading national provider of mobile and modular building solutions for the Construction, Education, Commercial, Healthcare and Government markets. The company serves over 25,000 customers, operating a fleet of nearly 100,000 mobile office and storage units that are leased through a network of over 90 locations throughout North America. Williams Scotsman provides delivery, installation, refurbishment and other services, and sells new and used mobile office products. In addition to its core leasing business, the Modular Building Division of Williams Scotsman manages and develops large permanent modular construction projects from concept to completion. Williams Scotsman is a private company with operations in the United States, Canada, Mexico, and Spain.
